HJP Tasks	Status
Tasmanian Health Justice Partnership Steering Committee established and Terms of Reference agreed	Completed
Tasmanian Health Justice Partnership Steering Committee meetings, including learning sessions, held monthly	First Steering Committee Meeting scheduled for 6 April 2022
Establish Project Advisory Group	Completed
Project Advisory Group meeting to take place twice a year	First Advisory Group Meeting scheduled for 12 April 2022
Develop framework for project evaluation including evaluation modalities, evaluation milestones, communication and engagement strategy to attract on-going funding	Meeting with Health Justice Australia and UTAS scheduled
2 x family violence specialist lawyers recruited (one in North, one in South), including: job description finalised, positions advertised, selection panel formed and contracts awarded by WLST and then 1 x lawyer to be seconded to TLA.	Completed
Finalise MOUs with a minimum of 2 Health and Social Services Partners	MOU with Hobart Women's Shelter signed. Draft Working Together Agreement with Child and Family Learning Centres underway and signed document expected in Q2
Finalise sites for co-located service centres with a minimum of 11 sites across Tasmania (6 in South, 3 in North, 2 in North West) with lawyers spending a minimum of .5 days per week at each site over the 11 sites (amendment due to travel)	Initial 14 sites agreed with partners and highlighted in map on preceding page and will be reviewed later in 2022
Develop modules for professional training (on how to recognise family violence and the tools to respond from a health and justice perspective), to be delivered to health and social services staff in Health Justice Partnership partner institutions across Tasmania	One Training module developed and trialled with health partners.
Provide legal advice in-place at the partner sites and provide information and referral services that benefit, (including dependants), a minimum of 4 000 people in collaboration with the Health and Social Services Partners	Data for Quarter 1 on preceding page.
Work with a range of training partners to create professional development remaining for students of nursing, pharmacy, midwifery, law, medicine, social work and finance to recognise and respond to family violence from both a health and justice dimension	Training module developed with inputs from GP Training Tasmania and Emergency Medicine Education and Training Tasmania. Module will be trialled with Emergency Medicine registrars in Q2 2022.
8 Quarterly bulletins produced throughout project and provided to all stakeholders to include information on: services delivered, training delivered, case studies, key evaluation measures, achievements and challenges	Q1 2022 Quarterly bulletin produced
Monthly Program Evaluation Reflections produced and distributed to Health Justice Partners	Monthly Program Reflections will commence in Q2
