

# Just Healthy Families Overview of Services

January 2022 – December 2023

Just Healthy Families is a Health Justice Housing Partnership that commenced in mid-January 2022. Services in the North-West started in June 2022 when the third specialist family violence lawyer was recruited.

The core services are delivered by three specialist family violence lawyers who visit fifteen health and social service partner sites across Tasmania on a weekly or fortnightly basis. The full list of Tasmanian organisations that have sought assistance from the JHF lawyers in 2022 are listed at the end of this report.

JHF is operating as a two-year pilot with funding from the Tasmania Community Fund and the Commonwealth Government. Evaluation services are provided as in-kind contributions by the University of Tasmania Schools of Nursing and Medicine as well as Law & Development Partners. JHF services in 2022 and 2023 were delivered with an average of 75% of projected legal resources.

In the 24 months of operation the following services were delivered across Tasmania:

**5688**

legal problems referred to the JHF specialist family violence lawyers

**2992**

**3590**
